CREATORS SHOW & TELL

Questions?
Contact Jana Lindley: lindleyj@usd320.com or 785-456-2214 x5204

Your project is to utilize the Raspberry Pi Sensors Kit to discover and create, and then show & tell about it at our event at Iron Clad.

Your kit contains: Raspberry Pi Sensors Kit

Raspberry Pi Sensors Kit Instructions

This is a magical tool kit with various components inside for learning, which will lead you to the world of Raspberry Pi quickly. It includes 14 lessons, each containing the circuit connection, principles, Fritzing images and code explanations for you to learn Raspberry Pi from scratch. In addition, detailed introduction of the components is included in the manual and you can try some extension experiments by yourself after studying this kit.
in additon to the short course on "Programming the Pi" are several modules and electronic components to interface your Pi with the outside world! Instructions included, along with "Python Programming Language" tutorial.

THANK YOU TO OUR SPONSORS!
